

Volunteer Call-Out

Are you passionate about the environment?
Do you enjoy community events and engaging with the public?

Help support the “River Walk”
guided tours along the Coquitlam
River at Lion’s Park during the
Canada 150 Celebration!

A guide will be leading groups to different
stations to learn about the Coquitlam River
watershed, how invasive plant species threaten
our ecosystems, and what residents can do to
help manage the spread of invasive species.

Volunteers needed at the stations to facilitate
interactive learning activities and share fun facts
with tour participants.

Coquitlam River
Watershed Roundtable

WATERSHED
WATCH

SALMON SOCIETY
