Coquitlam River
Watershed Roundtable

One of the best ways of emoting concerns for the watershed is by getting out and forming a connection with it. In the past, the Roundtable has been proud to host tours of the Lower Coquitlam River Watershed in an effort to strengthen community bonds to the land. In the face of COVID, we have had to change the way we deliver our public programming to maintain a safe physical distance.

So, this year our Coordinator visited eight great spots in the watershed and had the tour filmed so that viewers can check out the sites on their own. Each stop features a local expert who touches on the work s/he does, conservation concerns for the area and how you can get involved!

Can't make the event? All eight stops and the full-length tour will be available on our YouTube channel.

A huge thank you to our partners, ArtsConnect, Tri-City Community Television and Babylon Film Studios and sponsors, Fisheries and Oceans Canada and Lehigh Hanson Materials Ltd. for making this project possible!
